Priority

Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Japan on September 3, 2002. It is noted, however, that applicant has not filed a certified copy of the 2002-257728 application as required by 35 U.S.C. 119(b).

Allowable Subject Matter

Claims 1-6 are allowed.

The following is an examiner's statement of reasons for allowance:

The primary reason for the indication of the allowability of claims 1-6 is the inclusion therein of the combination of "said press contact tab having a press contact slot extending from a distal end of said tab to a proximal end of said tab" and "said tab cover including insertion grooves in opposed sidewalls that communicate with said press contact slot in said press contact tab" in combination with the other claim limitations. This combination was neither disclosed nor taught by the cited prior art, alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
